banksy,

for the past few days we have been thinking about how you could be commissioned by the institute for the art and practice of dissent at home
we are a home run anti capitalist initiative... from a council-house property in liverpool
we like dissent and dislike liverpool 08, european capital of culture

we hate the fact that the art is consumed and more than anything, we hate shopping....

it would be good if you did something on our council house wall... up our side alley - we will leave the gate unlocked for you this spring from today 2/3 to 30/04...

liverpool
L6 1DL

this act of vandalism could not increase the price of our property since it is council owned, with no right to buy

we are prepared to pay you minimum wage ... £5.52 per hour
we will place 3 hours worth of work under the brick in our side alley (cash)

this rate is in line with the institute for the art and practice of dissent at home's going rate - it is funded by 10% of our annual income: salaries, freelance, child and tax credits - more details on www.twoaddthree.org

looking forward to not seeing you

cheers
